

2023・2024年JMU掲載論文

| No | Title | Authors | Article Type | Classifications | Volume | Issue | Publication Year | URL |
|----|---|---|------------------|-----------------|--------|-------|------------------|---|
| 1 | Point-of-care ultrasonography for the diagnosis and manual detorsion of testicular torsion | Takahiro Hosokawa, Yutaka Tanami, Yumiko Sato, Eiji Oguma | Review Article | Pediatrics | 51 | 1 | 2023 | https://doi.org/10.1007/s10396-023-01374-z |
| 2 | Contrast-enhanced ultrasonographic findings in torsion of the appendix testis or epididymis in children: a case series | Hiroaki Fukuzawa, Naoki Minoda, Mitsumasa Okamoto, Yudai Tsuruno, Aya Watanabe | Original Article | Pediatrics | 51 | 1 | 2023 | https://doi.org/10.1007/s10396-023-01377-w |
| 3 | Contrast-enhanced ultrasound findings in testicular torsion and non-testicular torsion | Hiroaki Fukuzawa, Naoki Minoda, Mitsumasa Okamoto, Yudai Tsuruno, Aya Watanabe | Original Article | Pediatrics | 51 | 1 | 2023 | https://doi.org/10.1007/s10396-023-01384-x |
| 4 | Effect of proteinuria at relapse on shear wave velocity assessed using ultrasound elastography in children with idiopathic nephrotic syndrome | Tomohiko Nishino, Shinya Tomori, Sayaka Ono, Kazuhiro Takahashi & Masakazu Mimaki | Original Article | Pediatrics | 51 | 3 | 2024 | https://doi.org/10.1007/s10396-024-01455-7 |
| 5 | Discrepancy between patient prognosis and degree of portal venous gas detected using ultrasound | Takahiro Hosokawa | Image | Pediatrics | 50 | 2 | 2023 | https://doi.org/10.1007/s10396-023-01294-y |
| 6 | A case of strangulated intestinal obstruction in which disease progression was recognized on ultrasonography: importance of “string-like structure” | Akemi Ono, Kazuhiro Mori, Shoko Fukura, Shuji Kondo, Noriko Yokota & Hiroki Ishibashi | Image | Pediatrics | 50 | 3 | 2023 | https://doi.org/10.1007/s10396-023-01302-1 |
